Dear Brother Wisniski,

I wanted to inform you of my resignation as Local Chairman of IBEW-708, effective June 1st, 2010. As you are aware I am close to retiring after 35+ years of railroad service. We are going to "transition in" a new Local Chairman and I am going to assist with anything that our new representative needs help accomplishing.

I really want to express my deepest gratitude for all the assistance you and the other members of the System Council have provided for me. It never went un-noticed!

If there are any questions left unanswered, or anything I can be of assistance with in the future, please don't hesitate to call.

With this I remain fraternally yours,

David Banducci
