Subject: Tentative National Agreement Ratification Vote

To All IBEW Railroad Local Unions Covered Under the National Agreement.

Sisters and Brothers,

This is to advise that, with the support IBEW International President Lonnie Stephenson and an overwhelming majority of IBEW Railroad Local Union Presidents, the tentative National Agreement will be going out for another ratification vote. Ratification packets will be mailed out early next week, and all ballots must be received back in our office no later than May 3, 2018. Please advise your members to be on the lookout for these packets and encourage them to participate in the process! As time is of the essence, they should fill out their ballots and return them as soon as they receive them. Additional information will be forthcoming.

Please don't hesitate to contact us if you have any questions. Thanks for your support and cooperation in this matter.

Fraternally & in Solidarity,

Bill Bohné, Jr.

Director - IBEW Railroad Department
