Subject: Read at Line UP and distribute to your Electrician Local Chairmen.

Union Pacific is currently in need of diesel electricians at many of our facilities. However, in North Platte, NE and Butler, WI we have been unable to fill our vacancies for over a year. We are offering a transfer bonus to diesel electricians of \$15,000 payable in 3 equal installments over 3 years to relocate to these locations. If you are interested, please fill out the inter-craft transfer request form and submit to your local manager to apply.
