Subject: National Negotiations Mediation Update

Sisters and Brothers,

Today's negotiation/mediation session with the railroads recently concluded. As expected, they gave our coalition unions offers similar to the tentative agreements they recently reached with the CBG rail labor coalition unions. We told them we would analyze and discuss what they gave us and get back to them in a few weeks – probably sometime in late November or early December. Once we have made a decision on how we are going to proceed, we will be back in touch with you.

Please share this information with your members.

Fraternally & in Solidarity,

Bill Bohné, Jr.
Director - IBEW Railroad Department
